Memo 10

In March 1892, the Asst Surgeon of the Kolar District raised the question as to whether a Medical Officer is bound to grant to Officials, who are on sick leave, and under the treatment of Vaidyans, Certificates for the purpose of getting an extension of such leave, and stated that in his opinion such Certificates should not be granted as the officials requiring them were not under his treatment. The Senior Surgeon in bringing the matter to the notice of Government concurred in the opinion of the Asst Surgeon and stated that the practice, if adopted, would open the door to all kinds of abuse; but that if Govt considered the Vydians and Hakkeems competent to treat sick Officials their Certificates might be accepted. In reply the

The Senior Surgeon was informed that Government could not compel its servants to take medicine only from its own Medical Officers, and pointed out that Art. 449 of the Mysore Service Regulations prescribed the nature of the Certificate required for the grant of sick leave.

The Senior Surgeon then* asked for a definition of the term "Medical Attendant" referred to in para 449 of the Mysore Service Regulations. A copy of this letter was forwarded to the Comptroller for favor of opinion. The Comptroller gave it as his opinion that the term meant besides Medical Officers and subordinates of the Mysore and other Governments, private practitioners under whom the

These Vydians are undoubtedly incompetent to treat the sick and that being so officials should not be allowed to remain under the treatment under cover of certificate of a Government Medical officer. If Government consider the Vydians or Hakims competent to treat sick officials then

their certificates might be accepted not otherwise.

If the medical attendant's Certificate is brought up to the Govt. medical officer for countersignature, the latter has, under Section 450 of the Service Regulations, power to require the attendance of the patient to satisfy himself that the man is suffering from the malady named - If he is not satisfied, he may refuse to countersign the Certificate - Hakim's Certificates shd. never be accepted by themselves in support of applications for leave -

The Chief Secretary to the
Government of Mysore

Sir,

With reference to your Div. 3.7.87/31 dated 31st May/2nd June 1892 giving Cover to letter No. 1113 dated 23rd May 1892 from the Comptroller of Mysore stating that in his opinion the term "Medical attendant" used in article 449 of the Mysore Service Regulations includes Vaidians and Hakims I have the honor to state that I do not think the Comptroller is right in his view of the Case.

2. I agree with what you stated in your letter No 1057/10 of the 16th April 1892 "that it can hardly be possible for Government to compel its servants to take medicines only from its own Medical officers" but my contention is not that persons should be strictly limited in their choice of Medical advisers

but

but that the Certificates of Vizdanis or Batkins should not be accepted as "Medical Certificates" in support of applications for leave or extension thereof

3. Vizdanis or Batkins are not competent as far as I can ascertain, and I have made many inquiries on the subject to furnish with any reliability the statement required in Section 449 above referred to, as to the nature of the illness of the applicant, or its symptoms, causes and probable duration.

4. They possess no diplomas or Certificates of Competency to practice Medicine or Surgery from any Competent authority.

5 Some gain their livelihood entirely by their Medical practice, others only partly as in the Case of some minor officials in some of the offices in the Province, or a Gardener I have heard of, and where is the line to be drawn as regards the status and acquirements of the Granter of the Certificate.

6 It may of Course happen that a Government Servant may be taken seriously ill at such distance from where any Government Medical Officer or subordinate

resides

- resides that he may be unable to go that for
a Certificate and in that Case the Certificate
of a Vzdeani or Hakkeem might be accepted,
supported or Countersigned by the nearest
resident Government Official, but such Cases
would be of very rare occurrence now that
Hospitals and Dispensaries are so numerous
throughout the Province.

7 I request you will kindly place the matter
before the Dewan together with the accompanying
papers giving the opinions of nearly all the
Civil, Assistant and Sub Assistant Surgeons in
the Province on the qualifications of Vzdeans
and Hakkeems.
